**SUPPLEMENTARY INFORMATION:** This notice is in accordance with the Privacy Act requirement that agencies publish their systems of records in the Federal Register when there is a revision, change, or addition, or when the agency establishes a new system of records. The Postal Service has determined that Customer Privacy Act System of Records, USPS 820.300 Informed Delivery, should be revised to support enhancements to the In-Person enrollment process for the Informed Delivery feature.

### I. Background

The Postal Service is proposing to enhance the in-person enrollment process for the Informed Delivery feature by streamlining the process steps and combining aspects for determining eligibility and identity proofing. The customer will have the option to voluntarily have the barcode

on the back of their government issued IDs scanned to capture name and address information that will be used to confirm eligibility for the Informed Delivery® feature, and to prefill that information during the enrollment process. The objective of this initiative is to improve efficiency by combining similar information collected across the in-person enrollment process when customers sign-up for the Informed Delivery feature.

## **II. Rationale for Changes to USPS Privacy Act Systems of Records**

The Postal Service is proposing to modify SOR 820.300 Informed Delivery to support enhancements to the in-person enrollment process for the Informed Delivery feature. Two new purposes are being added to the existing SOR, appearing as purpose numbers 13 and 14. A new category of records is also being added to the existing SOR, appearing as number 10, In-Person enrollment process. The system manager's title has also been updated to reflect recent organizational changes.

## **III. Description of the Modified System of Records**

Pursuant to 5 U.S.C. 552a (e)(11), interested persons are invited to submit written data, views, or arguments on this proposal. A report of the proposed revisions has been sent to Congress and to the Office of Management and Budget for their evaluations. The Postal Service does not expect this amended system of records to have any adverse effect on individual privacy rights.
